EASYMED SERVICES INC. ROLLS OUT NEW WEB PLATFORM

Toronto, Ontario – (April 23, 2010) – Further to the news release dated March 24, 2010, EasyMed Services Inc. (CNSX: EZM) (“EasyMed” or the “Company”) is pleased to announce the release of the new version of the Company’s website at www.easymedmobile.com.

The new website has improved the ease of navigation and client-user data management. The website now offers the following services to its users:

HEALTH PASSPORT

Store and manage health information such as allergies, immunization, side effects and treatment history. It also allows the user to upload, organize and control their medical reports (blood test, ECG, etc) through a secure and encrypted platform.

FAMILY ACCESS

Create and share the EasyMed Health Passport with family members. Also allows users and doctors to modify the information of patients whenever needed.

REMINDERS

Text-based reminders are customizable to any treatment and will follow the patient and remind them to take their medication directly from a mobile phone. The reminders are two-way, enabling the patient to confirm their medication intake. A detailed compliance report is then created and stored.

DRUG LEAFLETS DATA BASE

Approximately 3000 drug indications are available on the website containing dosage, contraindications, warnings, side effects etc.

HEALTH TIPS

Health tips containing useful lifestyle information on wellness, fitness and nutrition. The user can choose how many times a week they can receive tips. Health tips are selected based on various demographic and geographic indicators.

GEOLOCATOR - FIND A DOCTOR

The user can locate a family physician, specialist, hospitals, clinics and pharmacies on an interactive map in various countries.

EasyMed’s CEO, Dr. Carmelo Bisognano remarked “The company has achieved an important milestone in its IT development by offering through our new website more effective client-user data management and site navigation”.
