SWISS MEDICAL & HEALTH TECHNOLOGY COMPANY STARTS TRADING ON CANADIAN NATIONAL STOCK EXCHANGE

TORONTO, ONTARIO – (February 23, 2010) – Further to the news release dated February 16 2010, EasyMed Services Inc. (CNSX: EZM) (“EasyMed” or the “Company”) is registered and trading on the Canadian National Stock Exchange (CNSX) under the symbol: EZM.

EasyMed is a Medical and Health Technology Services Company based on an Internet and Mobile phone platform offering a range of services and applications.

Some of the Company’s new service features released this week include medication reminders, doctors’ appointments, health reminders, and a personalized Emergency Health Passport available directly on your mobile phone and on-line globally.

EasyMed’s state-of-the-art development center in Chennai, India has made significant advances in the application of this medical technology, which has allowed EasyMed to position itself internationally in the multi-billion dollar Telemedicine market.

In addition to its own internal IT development capability, EasyMed is collaborating with Team Talk, a UK based mobile phone application provider, to develop a new EasyMed mobile phone application offering the above mentioned service features and is looking forward to launching this exciting additional service worldwide.

EasyMed Services SA, a wholly owned subsidiary of EasyMed, based in Switzerland recently signed a key strategic partnership with Munich Medical International – a leading international medical and health group, in view of developing end-user clients or entities (who already have a distribution network) for EasyMed and this service will be called EasyMedMobile.

EasyMed’s services offering has generated significant interest from a wide range of medical and health technology providers, and the company is currently in discussions with key institutions and organizations in Switzerland, Europe, and India to utilize the company’s services.

EasyMed Services Inc. is a Medical and Health Technology Services Company based on an Internet and Mobile phone platform offering a range of services and applications for individuals, families, medical and health care professionals, pharmaceutical manufacturers, insurance companies and complimentary service providers. The main service features include medical and health reminders, on-line and mobile phone access and interactivity, telemedicine, and an international medical and health information service.

The company is operating and headquartered in Geneva, Switzerland with offices in Chennai, India and Toronto, Canada comprised of corporate management and qualified Medical and IT professionals.
